

Al Jomaih Co. (PEPSI) - Riyadh

- QC Central Laboratory

In 1936, brothers Abdul Aziz and Mohammad Abdullah Al Jomaih founded a small trading company in the Saudi town of Shaqra. Eager to grow and expand, the company then relocated to Riyadh in 1940, transforming the enterprise into a business hub that branched out into several key industrial sectors within the Kingdom of Saudi Arabia. Through their dedication to quality, perseverance, entrepreneurial spirit, and commitment to customer satisfaction, that small trading company became the Al Jomaih Holding Company, one of the most established, recognized, and trusted family businesses in the Kingdom.
